

Weekly Report

Lin Bingru

2018.07.30 – 2018.08.05

Practices

- Add transition motion for radar chart, calender chart and Archimedes spiral chart for component library part of the big screen project
- Refine styles of the big screen project according to feedback
- Write document for RSATree, including usage of API, contents of database and guide for test of performance.
- Time commitment: 84 hours

Future Work

- Add theme styles to my part of the component library of the big screen project
- Continue to refine and test RSATree project
